Approved for use through 10/31/2024. OMB 0651-0009

U.S. Patent and Trademark Office; U.S. DEPARTMENT OF COMMERCE

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it contains a valid OMB control number

Trademark/Service Mark Application, Principal Register**Serial Number: 97318066****Filing Date: 03/17/2022****To the Commissioner for Trademarks:****MARK:** ALLUCENT (Standard Characters, see [mark](#))

The literal element of the mark consists of ALLUCENT. The mark consists of standard characters, without claim to any particular font style, size, or color.

The applicant, Clinical Services Corporate Operations, Inc., a corporation of Delaware, having an address of

271 Waverly Oaks Rd. Suite 208

Waltham, Massachusetts 02452

United States

XXXX

requests registration of the trademark/service mark identified above in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946 (15 U.S.C. Section 1051 et seq.), as amended, for the following:

International Class 009: Downloadable computer application software for use in connection with the collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; downloadable computer application software for providing telehealth, telemedicine, remote care and virtual health care services to patients; downloadable computer application software for use in connection with collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of remotely gathered patient-generated health data for use in clinical studies

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 035: Providing statistical information and analysis, data processing, project planning and cost management services for preclinical and clinical trials in the fields of pharmaceuticals, biotechnology, medical devices and diagnostics; designing laboratory research, namely, managing and monitoring preclinical and clinical trials; data management, namely, abstraction and collection of medical data from clinical tests for business purposes; Market research and business marketing consulting services in the pharmaceutical, biotechnology, medical device, and diagnostics industries

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 038: Providing access to online, non-downloadable software for controlling and managing electronic health records and patient health and medical information, for communications between patients and their health care providers, and for medical practice management

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 041: Training and development in the field of conducting clinical trials, namely, conducting tutorials, seminars and workshops in the field of clinical trials; training in the field of computer software support, namely, conducting tutorials, seminars and workshops in the field of software support

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 042: Data management, namely, collection of patient-generated health data for scientific research purposes; Cloud computing featuring software that allows users to collect, review, analyze and report on clinical research; technical support services, namely, installation and remote administration of software, and troubleshooting of software problems and hosted software applications, all for use in connection with medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; cloud computing featuring software for providing telehealth, telemedicine, remote care and virtual health care services to patients; cloud computing featuring software that allows users to collect, track, retrieve, validate, summarize, statistically analyze and present data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; Cloud computing featuring software to aggregate,

integrate, transfer and manage data generated from home health and remote monitoring devices and applications and health-related smart-phone applications; Cloud computing featuring software that provides integrated workflows, analytics, visualizations, and reporting features to deliver, process, analyze, elevate, and display patient-generated health data; Cloud computing featuring software that integrates remotely collected health data into databases, systems, platforms, applications, and software that inform clinical research, remote monitoring, and care management; providing a web-based portal for study sponsors and contract research organizations (CROs) to build programs, enroll members, automate actions, and visualize/analyze data in connection with clinical studies; technical consulting services, namely, evaluating the safety of pharmaceutical, medical, cosmetic and consumer devices and products in clinical development or in commercial production

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 045: Development of regulatory compliance strategies in the field of medical research, namely, regulatory compliance in drug, biologic, cosmetic and medical device development

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

The owner's/holder's proposed attorney information: Laura M. Franco. Other appointed attorneys are Becky Troutman, Jennifer Golinveaux, Irina Lyapis, Mary Katherine Kulback, Joseph Dimont, Joseph Blake. Laura M. Franco of Winston & Strawn LLP, is a member of the XX bar, admitted to the bar in XXXX, bar membership no. XXX, and the attorney(s) is located at

101 California Street
San Francisco, California 94111
United States
415-591-1000(phone)
TrademarksSF@winston.com

The docket/reference number is 017275-01002.

Laura M. Franco submitted the following statement: The attorney of record is an active member in good standing of the bar of the highest court of a U.S. state, the District of Columbia, or any U.S. Commonwealth or territory.

The applicant's current Correspondence Information:

Laura M. Franco

PRIMARY EMAIL FOR CORRESPONDENCE: TrademarksSF@winston.com

SECONDARY EMAIL ADDRESS(ES) (COURTESY COPIES): LFranco@winston.com; JDimont@winston.com

Requirement for Email and Electronic Filing: I understand that a valid email address must be maintained by the applicant owner/holder and the applicant owner's/holder's attorney, if appointed, and that all official trademark correspondence must be submitted via the Trademark Electronic Application System (TEAS).

A fee payment in the amount of \$2100 has been submitted with the application, representing payment for 6 class(es).

Declaration

☒ **Basis:**

If the applicant is filing the application based on use in commerce under 15 U.S.C. § 1051(a):

- The signatory believes that the applicant is the owner of the trademark/service mark sought to be registered;
- The mark is in use in commerce and was in use in commerce as of the filing date of the application on or in connection with the goods/services in the application;
- The specimen(s) shows the mark as used on or in connection with the goods/services in the application and was used on or in connection with the goods/services in the application as of the application filing date; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

And/Or

If the applicant is filing the application based on an intent to use the mark in commerce under 15 U.S.C. § 1051(b), § 1126(d), and/or § 1126(e):

- The signatory believes that the applicant is entitled to use the mark in commerce;
- The applicant has a bona fide intention to use the mark in commerce and had a bona fide intention to use the mark in commerce as of the application filing date on or in connection with the goods/services in the application; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

☒ To the best of the signatory's knowledge and belief, no other persons, except, if applicable, concurrent users, have the right to use the

mark in commerce, either in the identical form or in such near resemblance as to be likely, when used on or in connection with the goods/services of such other persons, to cause confusion or mistake, or to deceive.

- ☒ To the best of the signatory's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the allegations and other factual contentions made above have evidentiary support.
- ☒ The signatory being warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements and the like may jeopardize the validity of the application or submission or any registration resulting therefrom, declares that all statements made of his/her own knowledge are true and all statements made on information and belief are believed to be true.

Trademark/Service Mark Application, Principal Register

Serial Number: 97318068

Filing Date: 03/17/2022

To the Commissioner for Trademarks:

MARK: ALLUCENT CONSULTING (Standard Characters, see [mark](#))

The literal element of the mark consists of ALLUCENT CONSULTING. The mark consists of standard characters, without claim to any particular font style, size, or color.

The applicant, Clinical Services Corporate Operations, Inc., a corporation of Delaware, having an address of

271 Waverly Oaks Rd. Suite 208

Waltham, Massachusetts 02452

United States

XXXX

requests registration of the trademark/service mark identified above in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946 (15 U.S.C. Section 1051 et seq.), as amended, for the following:

International Class 009: Downloadable computer application software for use in connection with the collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; downloadable computer application software for providing telehealth, telemedicine, remote care and virtual health care services to patients; downloadable computer application software for use in connection with collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of remotely gathered patient-generated health data for use in clinical studies

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 035: Providing statistical information and analysis, data processing, project planning and cost management services for preclinical and clinical trials in the fields of pharmaceuticals, biotechnology, medical devices and diagnostics; designing laboratory research, namely, managing and monitoring preclinical and clinical trials; data management, namely, abstraction and collection of medical data from clinical tests for business purposes; Market research and business marketing consulting services in the pharmaceutical, biotechnology, medical device, and diagnostics industries

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 038: Providing access to online, non-downloadable software for controlling and managing electronic health records and patient health and medical information, for communications between patients and their health care providers, and for medical practice management

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 041: Training and development in the field of conducting clinical trials, namely, conducting tutorials, seminars and workshops in the field of clinical trials; training in the field of computer software support, namely, conducting tutorials, seminars and workshops in the field of software support

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 042: Data management, namely, collection of patient-generated health data for scientific research purposes; Cloud computing featuring software that allows users to collect, review, analyze and report on clinical research; technical support services, namely, installation and remote administration of software, and troubleshooting of software problems and hosted software applications, all for use in connection with medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; cloud computing featuring software for providing telehealth, telemedicine, remote care and virtual health care services to patients; cloud computing featuring software that allows users to collect, track, retrieve, validate, summarize, statistically analyze and present data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; Cloud computing featuring software to aggregate,

integrate, transfer and manage data generated from home health and remote monitoring devices and applications and health-related smart-phone applications; Cloud computing featuring software that provides integrated workflows, analytics, visualizations, and reporting features to deliver, process, analyze, elevate, and display patient-generated health data; Cloud computing featuring software that integrates remotely collected health data into databases, systems, platforms, applications, and software that inform clinical research, remote monitoring, and care management; providing a web-based portal for study sponsors and contract research organizations (CROs) to build programs, enroll members, automate actions, and visualize/analyze data in connection with clinical studies; technical consulting services, namely, evaluating the safety of pharmaceutical, medical, cosmetic and consumer devices and products in clinical development or in commercial production

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 045: Development of regulatory compliance strategies in the field of medical research, namely, regulatory compliance in drug, biologic, cosmetic and medical device development

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

The owner's/holder's proposed attorney information: Laura M. Franco. Other appointed attorneys are Becky Troutman, Jennifer Golinveaux, Irina Lyapis, Mary Katherine Kulback, Joseph Dimont, Joseph Blake. Laura M. Franco of Winston & Strawn LLP, is a member of the XX bar, admitted to the bar in XXXX, bar membership no. XXX, and the attorney(s) is located at

101 California Street
San Francisco, California 94111
United States
415-591-1000(phone)
TrademarksSF@winston.com

The docket/reference number is 017275-01005.

Laura M. Franco submitted the following statement: The attorney of record is an active member in good standing of the bar of the highest court of a U.S. state, the District of Columbia, or any U.S. Commonwealth or territory.

The applicant's current Correspondence Information:

Laura M. Franco

PRIMARY EMAIL FOR CORRESPONDENCE: TrademarksSF@winston.com

SECONDARY EMAIL ADDRESS(ES) (COURTESY COPIES): LFranco@winston.com; JDimont@winston.com

Requirement for Email and Electronic Filing: I understand that a valid email address must be maintained by the applicant owner/holder and the applicant owner's/holder's attorney, if appointed, and that all official trademark correspondence must be submitted via the Trademark Electronic Application System (TEAS).

A fee payment in the amount of \$2100 has been submitted with the application, representing payment for 6 class(es).

Declaration

☒ **Basis:**

If the applicant is filing the application based on use in commerce under 15 U.S.C. § 1051(a):

- The signatory believes that the applicant is the owner of the trademark/service mark sought to be registered;
- The mark is in use in commerce and was in use in commerce as of the filing date of the application on or in connection with the goods/services in the application;
- The specimen(s) shows the mark as used on or in connection with the goods/services in the application and was used on or in connection with the goods/services in the application as of the application filing date; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

And/Or

If the applicant is filing the application based on an intent to use the mark in commerce under 15 U.S.C. § 1051(b), § 1126(d), and/or § 1126(e):

- The signatory believes that the applicant is entitled to use the mark in commerce;
- The applicant has a bona fide intention to use the mark in commerce and had a bona fide intention to use the mark in commerce as of the application filing date on or in connection with the goods/services in the application; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

☒ To the best of the signatory's knowledge and belief, no other persons, except, if applicable, concurrent users, have the right to use the

mark in commerce, either in the identical form or in such near resemblance as to be likely, when used on or in connection with the goods/services of such other persons, to cause confusion or mistake, or to deceive.

- ☒ To the best of the signatory's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the allegations and other factual contentions made above have evidentiary support.
- ☒ The signatory being warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements and the like may jeopardize the validity of the application or submission or any registration resulting therefrom, declares that all statements made of his/her own knowledge are true and all statements made on information and belief are believed to be true.

Trademark/Service Mark Application, Principal Register

Serial Number: 97318073

Filing Date: 03/17/2022

To the Commissioner for Trademarks:

MARK: ALLUCENT CRO (Standard Characters, see [mark](#))

The literal element of the mark consists of ALLUCENT CRO. The mark consists of standard characters, without claim to any particular font style, size, or color.

The applicant, Clinical Services Corporate Operations, Inc., a corporation of Delaware, having an address of

271 Waverly Oaks Rd. Suite 208

Waltham, Massachusetts 02452

United States

XXXX

requests registration of the trademark/service mark identified above in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946 (15 U.S.C. Section 1051 et seq.), as amended, for the following:

International Class 009: Downloadable computer application software for use in connection with the collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; downloadable computer application software for providing telehealth, telemedicine, remote care and virtual health care services to patients; downloadable computer application software for use in connection with collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of remotely gathered patient-generated health data for use in clinical studies

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 035: Providing statistical information and analysis, data processing, project planning and cost management services for preclinical and clinical trials in the fields of pharmaceuticals, biotechnology, medical devices and diagnostics; designing laboratory research, namely, managing and monitoring preclinical and clinical trials; data management, namely, abstraction and collection of medical data from clinical tests for business purposes; Market research and business marketing consulting services in the pharmaceutical, biotechnology, medical device, and diagnostics industries

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 038: Providing access to online, non-downloadable software for controlling and managing electronic health records and patient health and medical information, for communications between patients and their health care providers, and for medical practice management

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 041: Training and development in the field of conducting clinical trials, namely, conducting tutorials, seminars and workshops in the field of clinical trials; training in the field of computer software support, namely, conducting tutorials, seminars and workshops in the field of software support

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 042: Data management, namely, collection of patient-generated health data for scientific research purposes; Cloud computing featuring software that allows users to collect, review, analyze and report on clinical research; technical support services, namely, installation and remote administration of software, and troubleshooting of software problems and hosted software applications, all for use in connection with medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; cloud computing featuring software for providing telehealth, telemedicine, remote care and virtual health care services to patients; cloud computing featuring software that allows users to collect, track, retrieve, validate, summarize, statistically analyze and present data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; Cloud computing featuring software to aggregate,

integrate, transfer and manage data generated from home health and remote monitoring devices and applications and health-related smart-phone applications; Cloud computing featuring software that provides integrated workflows, analytics, visualizations, and reporting features to deliver, process, analyze, elevate, and display patient-generated health data; Cloud computing featuring software that integrates remotely collected health data into databases, systems, platforms, applications, and software that inform clinical research, remote monitoring, and care management; providing a web-based portal for study sponsors and contract research organizations (CROs) to build programs, enroll members, automate actions, and visualize/analyze data in connection with clinical studies; technical consulting services, namely, evaluating the safety of pharmaceutical, medical, cosmetic and consumer devices and products in clinical development or in commercial production

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 045: Development of regulatory compliance strategies in the field of medical research, namely, regulatory compliance in drug, biologic, cosmetic and medical device development

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

The owner's/holder's proposed attorney information: Laura M. Franco. Other appointed attorneys are Becky Troutman, Jennifer Golinveaux, Irina Lyapis, Mary Katherine Kulback, Joseph Dimont, Joseph Blake. Laura M. Franco of Winston & Strawn LLP, is a member of the XX bar, admitted to the bar in XXXX, bar membership no. XXX, and the attorney(s) is located at

101 California Street
San Francisco, California 94111
United States
415-591-1000(phone)
TrademarksSF@winston.com

The docket/reference number is 017275-01006.

Laura M. Franco submitted the following statement: The attorney of record is an active member in good standing of the bar of the highest court of a U.S. state, the District of Columbia, or any U.S. Commonwealth or territory.

The applicant's current Correspondence Information:

Laura M. Franco

PRIMARY EMAIL FOR CORRESPONDENCE: TrademarksSF@winston.com

SECONDARY EMAIL ADDRESS(ES) (COURTESY COPIES): LFranco@winston.com; JDimont@winston.com

Requirement for Email and Electronic Filing: I understand that a valid email address must be maintained by the applicant owner/holder and the applicant owner's/holder's attorney, if appointed, and that all official trademark correspondence must be submitted via the Trademark Electronic Application System (TEAS).

A fee payment in the amount of \$2100 has been submitted with the application, representing payment for 6 class(es).

Declaration

☒ **Basis:**

If the applicant is filing the application based on use in commerce under 15 U.S.C. § 1051(a):

- The signatory believes that the applicant is the owner of the trademark/service mark sought to be registered;
- The mark is in use in commerce and was in use in commerce as of the filing date of the application on or in connection with the goods/services in the application;
- The specimen(s) shows the mark as used on or in connection with the goods/services in the application and was used on or in connection with the goods/services in the application as of the application filing date; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

And/Or

If the applicant is filing the application based on an intent to use the mark in commerce under 15 U.S.C. § 1051(b), § 1126(d), and/or § 1126(e):

- The signatory believes that the applicant is entitled to use the mark in commerce;
- The applicant has a bona fide intention to use the mark in commerce and had a bona fide intention to use the mark in commerce as of the application filing date on or in connection with the goods/services in the application; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

☒ To the best of the signatory's knowledge and belief, no other persons, except, if applicable, concurrent users, have the right to use the

mark in commerce, either in the identical form or in such near resemblance as to be likely, when used on or in connection with the goods/services of such other persons, to cause confusion or mistake, or to deceive.

- ☒ To the best of the signatory's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the allegations and other factual contentions made above have evidentiary support.
- ☒ The signatory being warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements and the like may jeopardize the validity of the application or submission or any registration resulting therefrom, declares that all statements made of his/her own knowledge are true and all statements made on information and belief are believed to be true.

Trademark/Service Mark Application, Principal Register

Serial Number: 97318078

Filing Date: 03/17/2022

To the Commissioner for Trademarks:

MARK: ALLUCENT CLINICAL RESEARCH SERVICES (Standard Characters, see [mark](#))

The literal element of the mark consists of ALLUCENT CLINICAL RESEARCH SERVICES. The mark consists of standard characters, without claim to any particular font style, size, or color.

The applicant, Clinical Services Corporate Operations, Inc., a corporation of Delaware, having an address of

271 Waverly Oaks Rd. Suite 208

Waltham, Massachusetts 02452

United States

XXXX

requests registration of the trademark/service mark identified above in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946 (15 U.S.C. Section 1051 et seq.), as amended, for the following:

International Class 009: Downloadable computer application software for use in connection with the collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; downloadable computer application software for providing telehealth, telemedicine, remote care and virtual health care services to patients; downloadable computer application software for use in connection with collection, tracking, retrieval, validation, summarization, statistical analysis and presentation of remotely gathered patient-generated health data for use in clinical studies

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 035: Providing statistical information and analysis, data processing, project planning and cost management services for preclinical and clinical trials in the fields of pharmaceuticals, biotechnology, medical devices and diagnostics; designing laboratory research, namely, managing and monitoring preclinical and clinical trials; data management, namely, abstraction and collection of medical data from clinical tests for business purposes; Market research and business marketing consulting services in the pharmaceutical, biotechnology, medical device, and diagnostics industries

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 038: Providing access to online, non-downloadable software for controlling and managing electronic health records and patient health and medical information, for communications between patients and their health care providers, and for medical practice management

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 041: Training and development in the field of conducting clinical trials, namely, conducting tutorials, seminars and workshops in the field of clinical trials; training in the field of computer software support, namely, conducting tutorials, seminars and workshops in the field of software support

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 042: Data management, namely, collection of patient-generated health data for scientific research purposes; Cloud computing featuring software that allows users to collect, review, analyze and report on clinical research; technical support services, namely, installation and remote administration of software, and troubleshooting of software problems and hosted software applications, all for use in connection with medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; cloud computing featuring software for providing telehealth, telemedicine, remote care and virtual health care services to patients; cloud computing featuring software that allows users to collect, track, retrieve, validate, summarize, statistically analyze and present data used in the areas of medical research and product regulatory approval, environmental health, health care, and in relation to the design, research, development, and testing of new medical products and devices; Cloud computing featuring software to aggregate,

integrate, transfer and manage data generated from home health and remote monitoring devices and applications and health-related smart-phone applications; Cloud computing featuring software that provides integrated workflows, analytics, visualizations, and reporting features to deliver, process, analyze, elevate, and display patient-generated health data; Cloud computing featuring software that integrates remotely collected health data into databases, systems, platforms, applications, and software that inform clinical research, remote monitoring, and care management; providing a web-based portal for study sponsors and contract research organizations (CROs) to build programs, enroll members, automate actions, and visualize/analyze data in connection with clinical studies; technical consulting services, namely, evaluating the safety of pharmaceutical, medical, cosmetic and consumer devices and products in clinical development or in commercial production

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

International Class 045: Development of regulatory compliance strategies in the field of medical research, namely, regulatory compliance in drug, biologic, cosmetic and medical device development

Intent to Use: The applicant has a bona fide intention, and is entitled, to use the mark in commerce on or in connection with the identified goods/services.

The owner's/holder's proposed attorney information: Laura M. Franco. Other appointed attorneys are Becky Troutman, Jennifer Golinveaux, Irina Lyapis, Mary Katherine Kulback, Joseph Dimont, Joseph Blake. Laura M. Franco of Winston & Strawn LLP, is a member of the XX bar, admitted to the bar in XXXX, bar membership no. XXX, and the attorney(s) is located at

101 California Street
San Francisco, California 94111
United States
415-591-1000(phone)
TrademarksSF@winston.com

The docket/reference number is 017275-01008.

Laura M. Franco submitted the following statement: The attorney of record is an active member in good standing of the bar of the highest court of a U.S. state, the District of Columbia, or any U.S. Commonwealth or territory.

The applicant's current Correspondence Information:

Laura M. Franco

PRIMARY EMAIL FOR CORRESPONDENCE: TrademarksSF@winston.com

SECONDARY EMAIL ADDRESS(ES) (COURTESY COPIES): LFranco@winston.com; JDimont@winston.com

Requirement for Email and Electronic Filing: I understand that a valid email address must be maintained by the applicant owner/holder and the applicant owner's/holder's attorney, if appointed, and that all official trademark correspondence must be submitted via the Trademark Electronic Application System (TEAS).

A fee payment in the amount of \$2100 has been submitted with the application, representing payment for 6 class(es).

Declaration

☒ **Basis:**

If the applicant is filing the application based on use in commerce under 15 U.S.C. § 1051(a):

- The signatory believes that the applicant is the owner of the trademark/service mark sought to be registered;
- The mark is in use in commerce and was in use in commerce as of the filing date of the application on or in connection with the goods/services in the application;
- The specimen(s) shows the mark as used on or in connection with the goods/services in the application and was used on or in connection with the goods/services in the application as of the application filing date; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

And/Or

If the applicant is filing the application based on an intent to use the mark in commerce under 15 U.S.C. § 1051(b), § 1126(d), and/or § 1126(e):

- The signatory believes that the applicant is entitled to use the mark in commerce;
- The applicant has a bona fide intention to use the mark in commerce and had a bona fide intention to use the mark in commerce as of the application filing date on or in connection with the goods/services in the application; and
- To the best of the signatory's knowledge and belief, the facts recited in the application are accurate.

☒ To the best of the signatory's knowledge and belief, no other persons, except, if applicable, concurrent users, have the right to use the

mark in commerce, either in the identical form or in such near resemblance as to be likely, when used on or in connection with the goods/services of such other persons, to cause confusion or mistake, or to deceive.

- ☒ To the best of the signatory's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the allegations and other factual contentions made above have evidentiary support.
- ☒ The signatory being warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements and the like may jeopardize the validity of the application or submission or any registration resulting therefrom, declares that all statements made of his/her own knowledge are true and all statements made on information and belief are believed to be true.
